

SPECTOR CRIMINAL JUSTICE TRAINING NETWORK, INC.

INVESTIGATIVE PHOTOGRAPHY

Hosted by: Middletown Police Department

Dates: January 11, 2027 - January 14, 2027

Cost: \$ 465.00 per officer

This 4-day hands-on photography course will expose students to the nuances of crime scene and evidence photography to properly and effectively photo-document a crime scene and the evidence contained therein. The course includes lectures and practical exercises including legal standards and the SWIGT and OSAC best practices. This fast-paced course begins with the fundamentals associated with controlling a photographic exposure using a Digital SLR camera system.

The course continues with basic camera controls (f/Stops/ISO/shutter speed), then more advanced controls, and finally, the student will apply these skills to a variety of scenarios and evidence. It includes a series of practical exercises where students will be divided into pairs and given an assignment with their cameras to familiarize themselves with techniques discussed previously during a lecture, followed by a presentation of images for class review and critique.

Course Topics Include: Exposure, Depth of Field, Low Light Photography, Flash, Painting With Light, Crime Scene Photography, Use of Filters, Alternate Light Source Photography, Evidence Photography, Macro Photography, Vehicle 360, and Body Panoramic Documentation.

- ★ Very organized and easy to understand.
- ★ Great job, very knowledgeable, awesome hand-on activities.
- ★ 100% – attend this class.

Providing Quality Training For Those Who Protect Since 1974

MEET YOUR TRAINER

GERALD "JERRY" NAROWSKI

Gerald "Jerry" Narowski recently retired as Chief of Police of the Derby CT Police Department. Initially he was assigned to the Patrol Division and later to the Detective Division where he became the Commanding Officer. As a working supervisor he managed all death investigations and crime scenes. He was promoted to Deputy Chief in 2007 and to Chief of Police in 2010. During his tenure managing the Detective Division and as the Executive Officer of the agency he was also one of a handful of IAI Certified Senior Crime Scene Analyst in the state. Throughout his career he has held numerous additional assignments including a tour with the State Computer Crime Unit, a member of the Internet Crimes Against Children Task Force, a Senior Firearms Instructor, a Microsoft System Administrator, and the Commander of the SCUBA/URT.

Jerry holds a B.S. in Criminal Justice - Law Enforcement Science, an M.S. in Forensic Science, as well as an M.P.A. - Personnel Administration and Labor Relations from the University of New Haven. He has been an adjunct faculty member of the Forensic Science Department at UNH Henry C. Lee College of Criminal Justice and Forensic Sciences since 2001. After a 36-year law enforcement career he has joined the University as a full-time faculty member.

Jerry has trained and lectured at several police academies, universities, in-service training courses, and presented at a number of professional conferences. His specialty areas include: forensic photography, digital image processing/clarification, alternate light energy, crime scene processing, fingerprints, and criminalistics.
