TRAINING NETWORK, INC.**

# **NARCOTICS INVESTIGATION TECHNIQUES**

*Hosted by: East Hartford Police Department*

*Dates: November 2, 2026 - November 6, 2026*

*Cost: \$649.00 per officer*

This 5 day dynamic and comprehensive narcotics training course is designed to equip new detectives and experienced patrol officers with the tools necessary to conduct effective narcotics investigations and operations. Participants will learn the fundamental duties and responsibilities of a narcotics investigator and how to establish a successful investigative program from day one. A strong emphasis will be placed on documenting every step of the investigative process. Officers will be instructed on proper case documentation practices and the importance of creating and maintaining detailed case files. Officers will receive in-depth training on the identification of common street drugs, paraphernalia, and cutting agents. The course will also include hands-on practical exercises in covert surveillance techniques—both on foot and in vehicles—highlighting the critical role surveillance plays in narcotics enforcement.
